Job Description

Project Manager Social Network Communities

starting immediately / as soon as possible

relenet offers a very attractive position, based in Konstanz / Germany at the beautiful Bodensee and close to the Alps and Switzerland.

Here are the cornerstones of the position:

- Project Manager Social Network Communities
- relenet - social network solutions, a leading provider of on-demand social network software
- Main office location: Konstanz / Germany.
- Management of our social network community projects.

SKILLS & EXPERIENCE REQUIRED

- Intelligent person with project management skills and experience.
- Some experience with social network communities is required.
- The successful applicant should possess a higher educational degree (e.g. Diploma or Master's Degree in economics or communication with focus on marketing or similar).
- Strong English and German language skills 100% in writing and oral.
- At least very good command of office software and basic knowledge of web technologies.
- Experience on how to deal with clients is required.
- Social competence and high communication skills.
- Independent, accurate and self-reliant work-style.

EXPECTED TASKS

- Project management
- Responsibility for big and complex projects.
- First level support of our customers.
- Support for CommunityManagers, e.g. for Hushcity.com, SailingC.com, FertilityC.com, LungcancerC.com

FURTHER POINTS

- Beautifully located at the Lake of Konstanz (Bodensee), bordering Germany, Austria and Switzerland. The Alps are also bordering there, so there is lots to do both in summer and in winter.
- The compensation includes an attractive annual package depending on experience and qualification.
